SING FROM TAIWAN
After 8 weeks of the BROWNS IELTS Exam Preparation program, Sing successfully achieved her target IELTS score for entry into university. "I was struggling with writing but my teacher gave me many tips to improve. After 8 weeks, I got the IELTS score that I needed and was accepted into a master's degree at the University of Queensland (UQ)"

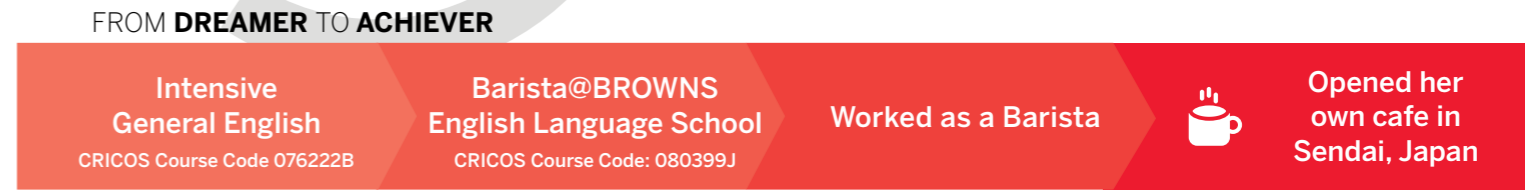

NATALIYA FROM RUSSIA
Nataliya chose the BROWNS English for Academic Purposes (EAP) program with direct entry into Southern Cross University (SCU). She's since graduated SCU with a Master of Business Administration (MBA) and shortly after secured a Management Accountant position working in Brisbane.

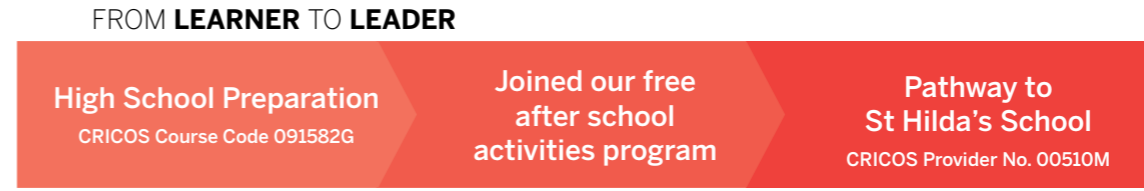

PRISCILA & DANIELA FROM BRAZIL
Daniela met Priscila on her first day at BROWNS. They instantly became friends and were together all the time. While in Australia, they each got a tattoo of BROWNS' Brisbane campus GPS coordinates because Priscila and Daniela believe that BROWNS was the best place on their journey in Australia.

NORINO FROM JAPAN
Norino initially enrolled into Intensive General English however after arriving at BROWNS and seeing our Barista@BROWNS English Language School program, she decided to try something different. This class was the first time she had touched an espresso machine and the moment she found her passion for the industry. Upon returning back to Japan, she worked as a barista and two years on Norino has opened her own cafe in Sendai, Japan.

CATHERINE FROM CHINA
Catherine chose the BROWNS High School Preparation program packaged with a pathway to St Hilda's School on the Gold Coast. At St Hilda's School, Catherine is one of five student Stem Ambassadors, and in 2017 she participated in the Science Championship (Education Perfect) and was placed in the top 2% of 80,000 competitors from around the world.

"I came to Australia with two principle objectives, learn English and enjoy one of the most beautiful cities in the world. At BROWNS I have the opportunity to improve my English skills as fast as possible, make friends and have contact with other cultures from all over the world. I'm living on the Gold Coast, and I love this city. I feel safe, and the lifestyle is relaxing. Within 15 minutes you can change from a big city (Surfers Paradise) to a calm beach (Main Beach) and to the natural parks (Gold Coast Hinterland). WORLD-CLASS CURRICULUM & TEACHERS

EXPERIENTIAL LEARNING

At BROWNS effective learning is seen to occur when the student can actively demonstrate their ability as per the course's learning outcomes. To this end BROWNS is committed to not only educating learners within the classroom but also outside of the classroom as well. This means BROWNS students will learn by moving outside of the classroom either on BROWNS campuses or by engaging with the local community off campus. Examples of this include classes visiting other students to ask questions and answer surveys or class excursions to popular local sites such as City Hall or Surfers Paradise.

Experiential learning is a method of educating through first-hand experience. Skills, knowledge, and experience are acquired outside of the traditional academic classroom setting and may include field trips, field research, and service-learning projects. This can include interaction with native speakers, excursions to popular local sites, surveys and interaction with other BROWNS students in a casual setting. This learning process is then followed up with reflection back in the classroom to consolidate the language acquired.

MARY FROM BRAZIL

“One of my goals, when I decided to come to Australia, was to pursue a Master degree in Accounting. However, I knew that before I started, I needed good preparation to develop my English academic knowledge. BROWNS was the best option to do the English for Academic Purposes (EAP) program. It provided me with an extremely important background, not just in academic English, but also in how to interact in the Australian university environment. The course was interesting and engaging. Every week the class offered motivating and relevant topics for university and life. Now, I am taking my next step to university, but I will miss the BROWNS life and all the friends I have made, including my teacher.”

BROWNS ELEVATE

Our Corporate Social Responsibility (CSR) at BROWNS is to positively contribute to people and communities, at the school, locally and around the world.

The BROWNS Elevate Initiative embraces learning with purpose. In the classroom, the principles of Content and Language Integrated Learning bring pressing social issues to life; students develop empathy, intuitiveness and social consciousness alongside their language skills. Outside the classroom, the initiative harnesses these learnings with monthly student involvement in local non-profit and charitable organisations.

One by one, the participation of BROWNS students creates profound change for a range of issues and organisations supported by the BROWNS Elevate Initiative.

FUNDRAISING EVENTS

Throughout the year, BROWNS works with a number of local charities and non-profit community organisations to support our local communities. Staff and students have raised money for Daffodil Day, World's Greatest Shave, Animal Welfare, Jeans for Genes, and more.

BUILDING A SUSTAINABLE FUTURE

BROWNS has taken significant steps to reduce its waste which includes recycling bins on campus, implementing a virtually paperless administration system (myBROWNS), donating old computers to charities for re-use, and much more.

BROWNS OFFERS \$100,000 IN SCHOLARSHIPS

Full tuition BROWNS scholarships are made available each year to Syrian refugees and humanitarian entrants without any financial assistance from the Australian government. Over \$100,000 in scholarships have been awarded to date.
